March 1, 2010

Dear Incoming Resident:

Due to the need of mandatory VA computer training, as well as assigning user accounts, computer access, and signature codes, the James A. Haley Veterans' Hospital has assigned training dates during your orientation period.

**ATTENTION PGY 1s:**

All new residents are required to attend one of the assigned computer classes, which will be held in the Building 42 Computer Training Room, on 131<sup>st</sup> Street. The classes are scheduled for **Thursday, June 24, 2010 at 1:00pm**, and **Wednesday, June 30, 2010 at 1:00pm**. All new subspecialty residents (Psychiatry, Radiology, and Physical Medicine and Rehabilitation) who will be starting an Internal Medicine ward rotation at the James A. Haley Veterans' Hospital will also need to attend a Computerized Patient Record System (CPRS) computer training class on either of the dates listed above. If you are not scheduled to rotate at the James A. Haley Veterans' Hospital for the first three rotations, you will not need to attend any of these classes as codes are deleted every three months if not used.

**ATTENTION PGY 2s and above:**

Other incoming residents will need to attend computer training, unless you have used the Computerized Patient Record System (CPRS) before, on **Friday, July 2, 2010 at 12:30pm**. This training will also be held in the Building 42 Computer Training Room on 131<sup>st</sup> Street.

A bus will be provided for transportation from the University of South Florida/Moffitt Center to James A. Haley Veterans' Hospital for computer training on each of the days mentioned above. It is imperative for you to complete this training, as you will not be able to access patient information or submit orders/scripts for your patients.

Should you have any questions, please contact your house staff coordinator, which is listed below.

<b>James A. Haley Veterans' Hospital House Staff Coordinators</b>
